BRIDGE REVENUE WOULD HELP CITY

Advantage of Structure Built
Over Ohio at This Point

County Attorney Alben Barkley In-
dicates Importance of Encour-
aging Project.

IT SUPPORTS BALLARD COUNTY

Jopka, Ill., is opposite McCracken county and any railroad bridge built between Paducah and that point would result in a vast benefit to the county through the ordinary taxes and terminal improvements, but the possibility of a bridge being built below Jopka or anywhere above Paducah, County Attorney Alben Barkley thinks, is a crisis which neither the farmers of McCracken county nor the citizens of Paducah can afford to pass adversely.

"A crisis in the affairs of the city and county does not mean that they would stop growing if it was passed negatively," Mr. Barkley said this morning, "but the benefits from passing it successfully are so great, that not to secure them would amount to a real and large difference in the future of both. I do not believe that the next ten years will produce a question as important to our industrial welfare as this one of securing any bridge that is built over the Ohio river, for McCracken county and Paducah.

"It is needless to remember that bridging the Ohio near here has been a live question for years and many think that the present indications may be mostly smoke, but several large factors now figure in the question that were not seen a few years ago. Unmistakably, the attention and trend of railroads since the assurance of the Panama canal is toward the gulf. Of course, this canal will not be finished for a number of years, but railroads are not waiting for it to be finished, to make their preparations for meeting the industrial change that will accompany the completion of the canal. The gulf coast, now, I understand, is the scene of much attention from all railroads who expect to take a hand in the future development of the south and South American commerce.

Should Get Together.
"Paducah is the largest city on the river between Cairo and Evansville. Somewhere between these two points, one or more railroads will bridge the Ohio river and the activity in southern Illinois near Paducah indicates that a bridge will be built between this city and Cairo. The problem is to assure that this bridge will be built to give McCracken county the benefit. Railroads as a general rule want the most direct course, but they will detour to reach a city that promises sufficient traffic. It would only be a short distance out of the way of a railroad that contemplated bridging the river at Jopka to bridge at Brookport and give the county as well as the city the benefit. But they won't make their plans haphazardly and the vital question for both county and city, is to take a hand to see that they are not left in the race for the bridge.

"This is a question that ought to unite the business interests of the city with the farmers of the county. We ought to get together solidly and assure the bridge for this county. As for the benefits of the bridge into this county and city, they are self-evident. Such a bridge would cost no less than \$5,000,000 and the ordinary taxes on this investment would mean much to both. We own to the low water mark on the Illinois side and we would tax the bridge to that point. It is a well-known fact that Ballard county practically is supported by the Cairo bridge. The benefit to the city should quicken every business man in it to work toward securing this prize. If these terminals are built down at Jopka, the city wholesale men would sell the merchants in the town that inevitably would arise there, but to make the bridge, its facilities and the hundreds of employees it would bring, a part of Paducah's commercial life ought to be the live interest of every retail dealer.

"Obviously this is an inexhaustible subject for consideration, but enough has been said to force its importance on the citizens of the county, including the city. But once having told the world we want the prize, nothing but hard work and common sense reasons will get it for McCracken county. Let the farmers and the city business men get together."

Finger Cut in Buzz Fan.

An electric fan falling against his back, Mr. Louis E. Farrell, manager of the "Kozy" theater on Broadway, almost involuntarily put his hand back of him to remove it and two fingers on his left hand were caught in the blades. The tip was cut off one and the other split, giving him considerable pain. Dr. J. D. Robertson dressed the injury.

Winnipeg, May 25.—For the first time in many years the Union Jack was hoisted Friday at the American consulate. Seeing the British flag flying beneath the Stars and Stripes, two men said to be recent arrivals from England, tore down Old Glory. The incident created much indignation and marred the celebration of Victoria Day.

Canton, O., May 25.—Mrs. McKinley is worse this morning. Her heart became weaker during the night. Its action is again irregular. It was a change that seemed to forecast the end of the long battle to save her life. Relatives were told that while she might live through Sunday the end could be expected almost any time.

Mr. C. A. Morris, of Central City, is in the city on business.

LEIBEL IS FINED IN POLICE COURT

Charge of Using Insulting
Language Was Preferred

Appeals From Charge of Renting
House To Bawd—Place Was
Burned Down.

INCENDIARISM IS SUSPECTED

As the result of trouble over the occupancy of a house at Thirteenth and Clay streets by Emma Martin, which house was recently burned down, Samuel Leibel was fined \$50 and the cost in the police court this morning on the charge of leasing property to a bawd, and \$10 for using insulting language toward P. E. Cheek, 1237 Clay street. He appealed the first case.

The two cases against Sam Leibel consumed from 9 until 11:30 o'clock this morning in police court. There were nearly a score of witnesses in the cases, and extra attorneys had been employed to fight on both sides, residents employing Attorney Eugene Graves to assist Acting City Attorney Alben Barkley, and the defendant employing Attorney Hal S. Corbett. The case had been continued several times because of the absence of witnesses, and much evidence of a conflicting nature was heard.

The trouble grew out of Leibel's renting a house at Thirteenth and Clay streets to Emma Martin. One year ago complaint was made to him, the evidence showed, that the woman was not conducting her house properly, and instantly all suspicious conduct ceased. In the past few months trouble is alleged to have broken out afresh, and some of the best residents, including many women, were present this morning to testify for the prosecution.

The insulting language was alleged to have been used towards Mr. Cheek several days ago when he went to Leibel and asked him to do something towards curbing the conduct of his tenant, or to make her move. Then the warrant for renting to a bawd followed.

Judge Cross fined Leibel \$10 and costs for using insulting language and \$50 and costs for renting to a bawd. An appeal was granted in the latter case.

The house in which the Martin woman lived burned two nights ago, and she alleges incendiaryism. An investigation is being made.

AUTO WRECKERS' ATROCIOUS DEED

Place Obstruction Across the
Road After Night and Big
Machine, Full of Women,
Runs Into It

DETECTIVE WORKS ON CASE.

Detectives are investigating an attempt to wreck an automobile a few miles beyond Lone Oak night before last, when Mr. Jesse Weil with a party of women in his big red Pope-Toledo struck a pile of rails stretched across the roadway, evidently placed there by design. The machine was running at a rapid speed as the roadway was naturally safe, and the obstruction was struck before the driver saw the danger. The occupants received only a severe shaking up, and the machine was slightly damaged; but had not Mr. Weil clung desperately to the steering gear the whole party might have been killed, for the machine swerved under full headway toward the ditch. He managed to control it until he could bring it to a standstill. Detective T. J. Moore is working on the case.

Who Knows Anything About The Origin of Paducah's Name And Indian History?

Noted Author of Revolution-

True Account of Old Paduke
--Inform The Sun

MOST INTERESTING LETTER.

Who knows the story of Paducah's name?

The Sun is in possession of a communication from Mrs. W. G. Whitefield as follows:

In a most delightful personal letter from Mrs. Eva Emery Dye, she writes: "That story of Paducah interested me tremendously, but at the time it seemed impossible to find just what I wanted. Tell me, was it true that the place was named for an old Indian named Paducah, who was a trusted friend and guide of George Rogers Clark? I heard that but am not sure whether it is in the Conquest, or not. I wanted to go there, but had not time."

Any of us familiar with Mrs. Dye's stirring books of Revolutionary days, will appreciate how dear to her heart is any bit of Indian song or story, so I write to ask if you will interest yourself in getting from the few old Paducahans left whatever they may know of the traditions of old "Paduke."

SUPERVISOR JOHNSON
WILL NOT LEAVE PLACE.

County Road Supervisor Bert Johnson, who is interested as a stockholder in the Paducah Concrete Pipe and Block company, a newly organized corporation, will not resign his position as road supervisor, but will devote his entire time to the county job as heretofore. He will not take any part in the management of the concrete concern, merely being a stockholder.

Change of Patrolmen.

Patrolman James Clark, of the South Third street beat, was last night transferred to the "low end of town" beat with Patrolman Moore, who was transferred from Broadway with Patrolman Long. Long will patrol the west end alone.

Business has been rather quiet in the report the merchants have to make on the past week. The warm weather has dried out the land after the heavy recent rains and the farmers are busy at home, and have not had the time to come to the city.

Tobacco has been quite active the past week, and it commanded high prices. As the prospects for the new crop are not the best, those in a position to know predict that prices will go higher. It is an average week and the healthy increase shows the prospect of "Greater Paducah." No big deals have marked the week.

TAKES ON PILOT.

Capt. Irwin, of Peters Lee, Is Wed
at Cincinnati.

Cincinnati, O., May 25.—It became known in river circles here today that Capt. Jesse E. Irwin, of Memphis, Tenn., in charge of the steamer Peters Lee, was quietly married Wednesday afternoon to Miss Cora E. Kohlbrand, of Madisonville, a suburb of Cincinnati. The ceremony was performed just before the departure of the boat for Memphis, the trip down the river constituting their honeymoon. Capt. Irwin kept his intended marriage a close secret, and did not even confide in his intimates. The marriage license was not put into the records until this afternoon, which indicates that he probably requested the clerk to keep it quiet. Miss Kohlbrand, that was, is a number of years Capt. Irwin's junior. She is well known in Madisonville, but none of her friends knew of the wedding.

WALTER SMEDLEY PLACED
LIGHTED PIPE IN POCKET

What Broadway policemen thought was mob violence being done Deputy County Clerk Walter Smedley attracted them hastily to Third street and Broadway at 1 o'clock this afternoon. Deputy Clerk Smedley was being beaten and jostled about by the crowd, and when quietude once again reigned it was discovered that he had absent minded placed his lighted pipe in his pocket and burned out the lining. The crowd was assisting in extinguishing the blaze.

Suit to Recover Damages for Wartime Bakery in Paducah

St. Louis, Mo., May 25.—A claim against the United States for \$8,127.30, growing out of the shelling of Paducah, Ky., during the Civil war, was filed in the probate court by George C. Karsch, administrator, as an additional inventory of the property of Jacob Karsch, who died recently. During the war Jacob Karsch was employed by the government to bake bread in Paducah for the federal troops. He fitted up an immense bakery and soon after its installation Paducah was shelled and the bakery was among the property destroyed. SWIMMER SINKS; FRIENDS RESCUE

A. G. Gower Goes Down Three
Times and is Brought to Sur-
face by H. N. Alsmann, Who
Dives For His Body

IS REVIVED WITH DIFFICULTY.

Having gone under the water the third time, A. G. Gower, an employee of the Illinois Central railroad, was rescued from almost certain death by drowning last night by H. N. Alsmann, who dived and brought Gower to the surface. Last night Gower and four companions were swimming in the creek in the hollow just back of the Union station, when Gower, who was swimming, was seized with the cramps and before his friends could realize his perilous position he had sunk three times.

Quickly swimming to the bank his comrades dived and he was brought to the surface, and with difficulty revived. Gower lives in O'Brien's addition. He was able to be at his work today.

Facts Every Mother Should Know

The responsibility of raising a family is a great one, and it is important that the mother, upon whom most of this work devolves, should familiarize herself with simple medical aids to health. You cannot always be running for a doctor, and often it is not necessary to do so. You could do as thousands of experienced mothers are doing and have a bottle of Dr. Caldwell's Syrup Pepsin always in the house. It is a guaranteed cure for the troubles of the stomach, liver and bowels. Women are naturally very subject to constipation, so you may need it any moment. Worry

or overwork may make the husband need it. Babies are continually becoming constipated, and children, because they eat constantly or eat too hurriedly, may suddenly need a laxative. You or the children may be constipated today or have a sick headache or one of the other symptoms of constipation and dyspepsia, and if tonight on going to bed the prescribed dose of Dr. Caldwell's Syrup Pepsin is taken, it will do its work in the morning and the sufferer of the day before will be feeling well again, clear in head and cheerful in spirits.

They Were Cured by Dr. Caldwell's Syrup Pepsin

In my twenty-five years' experience as a retail druggist I have never handled a medicine which gives such universal satisfaction or which I can personally recommend so highly as Dr. Caldwell's Syrup Pepsin. There is one physician in this city who prescribes this remedy in his practice, and I could secure affidavits from customers who have been cured of aggravated and chronic cases of constipation of long standing. I use it myself and in my family. It is by far the best laxative known to the human race.

I have used Dr. Caldwell's Syrup Pepsin as a laxative, and consider it a most superior remedy for such ailments. As a laxative, it is not only palatable, but has no griping or nauseating effect, but is very mild. Mrs. ALICE NORTON, Quincy, Ill.

I was for years a constant sufferer from chronic constipation and indigestion, which nothing would relieve, and had almost given up all hope of cure, but Dr. Caldwell's Syrup Pepsin has made a well man of me.

F. M. HARRINGTON, President of the Harrington Manufacturing Company of Peoria, Ill.

I can truthfully and willingly say that Dr. Caldwell's Syrup Pepsin is all that it is reputed to be. I have used it and know for myself what I state. I do not think it has an equal for stomach trouble. I have not words to express its value to me and there are many others of my acquaintances and friends who have used it with good results.

Mrs. MINERVA E. ROLLINS, Dewey, Ill.

I have used Dr. Caldwell's Syrup Pepsin and was greatly benefited. Have had indigestion and stomach trouble for many years and found great relief after using it, and can cheerfully recommend it to the public.

C. K. SLOANER, Liberty, Ind.

One can never tell what day some member of the family will become constipated or have indigestion, jaundice, bloated stomach, biliousness, sour stomach, bad breath, flatulency, lazy liver, weak stomach, sick headache or some other ailment affecting the stomach, liver or bowels, and then Dr. Caldwell's Syrup Pepsin will be instantly needed.

as it is sure to cure these diseases. It is sold under a positive guarantee to do what is claimed for it or money will be refunded. It is easy to take because pleasant to the taste, is gentle in action but promptly effective, and entirely free from the gripping so common in salts, purgative waters and cathartic pills, tablets or powders. It is for that reason the best remedy for infants, children, women, old people, invalids and others and yet is active enough to be promptly effective in the most robust grown persons. Go to your druggist today and get a 50-cent or \$1 bottle under the guarantee. Complete directions on every bottle.

Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Gentlest yet most effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC VERDICT: "Dr. Caldwell's Syrup Pepsin." EVIDENCE FOR GOVERNMENT.

Washington, D. C., May 25.—Amazing revelations of a conspiracy to defraud the United States of millions of dollars' worth of mineral and timber lands will be laid before the grand juries of half a dozen states within a few days.

The frauds, it is alleged, will involve in criminal charges the names of men high in business and political circles. They include:

One United States senator.
One former United States senator.
A man reputed to be one of the wealthiest men in the world.

A railroad man known from the Atlantic to the Pacific.

Two of the wealthiest lumber barons in the United States.

Numerous smaller fry including railroad officials, coal operators and men at the head of fuel companies.

These frauds, it was declared today in an official quarter, extend into a number of states, including California, Colorado, Washington, Oregon, Idaho, Montana, Minnesota and the Dakotas.

Much of the evidence in these frauds was obtained by Detective Burns, who is engaged in the municipal graft prosecution in San Francisco and by Francis J. Heney, who is prosecuting the same San Francisco grafters.

Most of the lands acquired by the so-called conspirators were timber tracts in the west, of which hundreds of thousands of acres have been taken from the public domain.

In some instances the services of "dummy" entrymen were utilized for the purpose. In others the title was obtained through the use of lien and scrip.

PULLMAN RATES

ARE NOW SUBJECT OF OFFICIAL INVESTIGATION.

Complaints Made of Extortionate Prices Before the Interstate Commission.

Washington, May 25.—A definite effort was begun today before the interstate commerce commission to secure for the public a reduction in the rates charged by the Pullman company for its sleeping car accommodations. This is the first time in the history of the commission that a proceeding has been brought against the Pullman company, and it promises to be an action of more than ordinary interest and importance.

Three complaints were filed against the Pullman company and various northwestern railroad lines, which are made co-defendants by George S. Loftus, a business man of St. Paul, Minn. Mr. Loftus in his complaint accuses the defendants of charging unjust, unreasonable and excessive rates. He cites the amounts he has been obliged to pay for berths in Pullman cars, which he considers excessive and asks the commission to reduce the rates.

PADUCAH'S GREAT GROWTH WILL BE SEEN IN REPORT

How much Paducah has grown in the past five years will be seen in the report of Insurance Commissioner C. C. Rose when he finishes a new rate book, the first in five years, for Paducah. He is now engaged in securing data, and thus far has noted a wonderful increase in buildings of the more substantial type. Hundreds of houses have gone up in Paducah in the last five years. The first two years most of them were frame, but for three years the class has improved.

Aged Woman Breaks Fast Walking Record

And the winner, Mrs. Jane Edwards Root, who is 78 years old, whose picture appears in the illustration, won the race by walking 2½ miles in 26 minutes.

This proves what DUFFY'S PURE MALT WHISKEY, the great renewer of youth, will do if taken as prescribed.

In an interview, Mrs. Root said:

"I seldom take medicine, but last Winter at my home in Cleveland I felt not very strong, so bought one quart bottle of DUFFY'S PURE MALT WHISKEY. I was benefited by it. I am 78 years old, and won the championship in the great walking contest for aged people in Cleveland. I came out winner of 28 contestants over 75 years of age (14 women and 14 men). I beat the world's record, and now hold the championship for the United States and Europe. I walked 2½ miles in 26 minutes, and was not at all tired; could have walked it right over again. One paper gave the account as two miles in 26 minutes; all the other papers were right. When I reached the end, not another walker was anywhere near me, and the enthusiasm was great. I have had an immense mail ever since from professors in colleges and prominent men all over, wishing to know how I lived, what my diet was, what caused this wonderful strength and endurance at 78 years of age. I take good care of my health, have camped out every summer for the past 25 years, live well, and use as my only medicine Duffy's Pure Malt Whiskey."—MRS. JANE EDWARDS ROOT, 1646 38th St., North East (Old Wason St.), Cleveland, O., December 9, 1906.

Duffy's Pure Malt Whiskey

is distilled wholly from malted grain by a most expensive method which has never been made public and this private process insures quality and flavor. Its age, softness, palatability and freedom from those injurious substances found in other whiskeys make it acceptable to the most sensitive stomach.

It is an absolutely pure, gentle and invigorating stimulant and tonic. It acts as an antitoxin which destroys and drives out all disease germs, creates new nerve tissues, tones and strengthens the heart, gives power to the brain and elasticity to the muscles, enriches the blood and soothes and heals the mucous membranes. It brings into action all the vital forces. It makes digestion perfect, and enables you to get from the food you eat the nourishment it contains. It is invaluable for overworked men, delicate women and sickly children. It strengthens the system, is a promoter of health and longevity, makes the old young and keeps the young strong. Duffy's Pure Malt Whiskey is a form of food already digested and is recognized as a medicine everywhere.

CAUTION—Sold by all druggists, grocers and dealers or direct, in sealed bottles only; never in bulk. Price \$1. Insist on the genuine and see that the "Old Chemist" trade-mark is on the label. Hampton, of Louisville, against Messrs. Jerome Smith and W. R. Davis, of the Illinois Central shops. Last summer Metzger won the single championship of the city against all comers.

Lid Promised Louisville.

Frankfort, Ky., May 25.—The State Journal says: "The lid will now go on in Louisville."

"After striving for months against insurmountable obstacles in the per-

son of the city judge and a magistrate of Louisville, to require the liquor sellers of Louisville and Jefferson county to observe the Sabbath by keeping their places of business closed on that day, Governor Beckham is at last to accomplish that good purpose, and 'the lid' will very shortly go on in the metropolis for, at least, the rest of his term of office, possibly for a much longer term, for the good people of Louisville will have had opportunity in the next six months to observe the benefit it will be to a large class of the citizens of that great city, called by its promoters the gateway to the south.

"When the governor fills the offices of mayor and judge of the city court of Louisville, he will have the reins of government and the police power of the city in his hands, and will, to it.

One Hundred Dollars Left.

There will be \$100 in the hands of the Democratic committee above the cost of holding the recent city primary, and the money will be distributed pro rata among candidates. A total of \$450 was paid into the committee's hands, but only \$350 spent in holding the primary. No date has been set for a meeting of the committee.

All women are consistent, but the majority of them refuse to work at the city in his hands, and will, to it.

The Week In Society.

THE GOLDEN HOUR.

Upon the road where Dreams watch night and day
There stands a tavern called the Inn of Spring,

All green with vines, amid whose blossoming
The lyric notes of thrush and linnet stray;

And here, if he would linger on his way,
Each traveler must willing tribute bring

Of what he deems most worth the garnering—
Since Youth, the landlord, so demands his pay.

Yet, though his gifts be manifold and great,
No guest may tarry but a little while,

For Life, the sentinel, bides at the gate
And calls his hour-up, with a mocking smile—

Then bids them hasten down the path of Ages,
With memory his dearest heritage!

—Charlotte Becker, in the Atlanta Journal.

She is popular in a wide circle of friends and her decided musical talent.

A Gala Week.

The little season after Lent has been so markedly quiet that society this week has had rather the aspect of the debutante in the joy and enthusiasm of her rush after the pleasant things which came fairly "treading on each other's heels." The change of costumes on some days has had to be almost as rapid as those of the "Pony Chorus" in "The Traveling Man." The presence of attractive and popular visitors has given the impetus to much of the entertaining, which has been varied and delightful with Bridge in the lead. The first meet of the Matinee club on Thursday was something of a social "Derby Day" with society much in evidence. Paducah's first May Music Festival was also an event of the week. Having the Woman's club for sponsor gave it a decided social éclat with box parties and all the proper trills.

Visitors Honored.

Mrs. John L. Webb and Miss Anna Webb entertained Mrs. John Arnold Bell and Mrs. Frank O. Watts of Nashville and Mrs. Robert Phillips in a box at the Music Festival on Friday afternoon.

Mr. and Mrs. Joseph L. Friedman gave a dinner party at the Palmer on Friday evening before the Music Festival. In the party were Mr. and Mrs. Robert Becker Phillips, Mrs. John Arnold Bell and Mrs. Frank O. Watts of Nashville, Mrs. Maurice Joseph of Cincinnati, and Mr. and Mrs. Friedman. They occupied double boxes at the Music Festival.

Beautiful Afternoon Reception.

One of the handsomest receptions of the spring was that given on Wednesday afternoon from 4 until 6 o'clock by Mrs. James Campbell Flounoy and her mother, Mrs. Harrison Watts at the Flounoy home on Jefferson boulevard, to compliment Mrs. Frank O. Watts and Mrs. John Arnold Bell, of Nashville, who are the popular guests of Mrs. Robert Becker Phillips. The house, an

ideal one for entertaining, was a charming color effect of white and green with cut flowers, palms, ferns and sinilax artistically used throughout the rooms.

The guests were welcomed in the reception hall by Miss Anna Webb and Miss Adine Morton. Receiving with Mrs. Flounoy, Mrs. Watts and the guests of honor in the drawing room, were Mrs. Maurice Joseph, of Cincinnati, and Mrs. Robert Becker Phillips. Assisting in receiving in the library were: Mrs. Edward Brinkhurst, Mrs. Leffert Buck, of New York; Miss Harriet Raines, of Nashville, and Miss Jamie MacKenzie, of Mississippi.

Punch was served in an artistic hall alcove by Mrs. Joseph L. Friedman and Mrs. Will Bradshaw, Jr., assisted by Mrs. Edmund M. Post, Mrs. William Hughes and Mrs. Laurence Washington. In the dining room where the white and green color motif was beautifully emphasized in the effective setting of the artistically appointed table, was Mrs. David M. Flounoy, assisted by Miss Elizabeth Sinnott, Miss Marjorie Scott, Miss Ethel Brooks, and Miss Frances Wallace. Here the delicious ices were in green and white brick form and the cakes were iced in green and white.

The rooms were filled with guests during the hours and the handsome reception toilettes of the receiving party and effective summer gowns of the callers added a charming touch to the scene. Mrs. Campbell Flounoy was especially handsome in a broad silk gown of white and pink with pink velvet trimmings. Mrs. Harrison Watts wore a charming toilette of grey chiffon and rare old lace. Mrs. Bell was effectively gowned in coral silk tissue over silk. Her jewels were corals. Mrs. Frank Watts wore a becoming costume of pink tulle silk encrusted with lace. Mrs. Maurice Joseph's handsome gown was an imported creation of white lace over silk. Mrs. Buck's reception toilette was an effective combination of black lace over white silk. Miss Raines wore a dainty frock of white silk with lace medallion trimmings. Miss MacKenzie was in pale blue silk, made in the graceful empire style.

Bridge Luncheon For Visitors.

A charming compliment to three attractive visitors who are, also, exceptionally clever bridge whist players, was Mrs. John S. Blecker's bridge luncheon on Friday morning in honor of Mrs. John Arnold Bell and Mrs. Frank O. Watts of Nashville, and Mrs. Maurice Joseph, of Cincinnati. The pretty rooms were decorated only with masses of spring roses. The prize for the highest score, a hand-painted candlestick, went to Miss Mary Boswell. Pretty jeweled hat pins were presented the guests of honor. A beautifully planned two course luncheon was served at noon. The five tables of guests included: Mrs. Bell, Mrs. Watts, Mrs. Joseph, Mrs. Robert Becker Phillips, Mrs. Victor Voris, Mrs. Eli Boone, Mrs. Frank Boyd, Mrs. Marie Burton, of Colorado Springs; Mrs. David Van Culin, Mrs. I. D. Wilcox, Mrs. John Scott, Mrs. W. B. McPherson, Mrs. H. G. Reynolds, Mrs. Lawrence Washington, Mrs. George Flounoy, Mrs. Campbell Flounoy; Miss Anna Webb, Miss Harriet Raines, of Nashville; Miss Adine Morton, Miss Mary Boswell.

Complimentary Bridge Party.

Mrs. I. D. Wilcox was the hostess of an attractive Bridge party on Wednesday evening at her home on Kentucky Avenue. The honor guests were Mrs. Maurice Joseph of Cincinnati and Mrs. John Arnold Bell of Nashville and Mrs. John Arnold Bell of Nashville. The house was charming with spring flowers. Mrs. John S. Blecker captured the prize for the highest score, which was an artistic stein. Each of the guests of honor received attractive souvenir steins. The luncheon, a delightful course affair, was served at noon. The guests were: Mrs. John Arnold Bell, Mrs. Frank O. Watts, Mrs. Maurice Joseph, Cincinnati, Mrs. Leslie Samuels, Bardonia, Mrs. Marie Burton, Colorado Springs, Mrs. Eli G. Boone, Mrs. H. G. Reynolds, Mrs. Joseph L. Friedman, Mrs. Robert Becker Phillips, Mrs. Edson Hart, Mrs. John S. Blecker, Mrs. Hal Corbett, Mrs. Richard Terrell, Mrs. Ben Weille, Mrs. Will Bradshaw, Jr., Mrs. Frank Boyd, Mrs. Lawrence

Washington, Miss Raines of Nashville, Miss Anna Webb, Miss Adine Morton, Mr. I. D. Wilcox.

Informal Musical.

Mr. and Mrs. George Flounoy entertained informally but with characteristic charm at "Loloma Lodge" on Thursday evening to compliment Mrs. Frank O. Watts and Mrs. John Arnold Bell of Nashville and Mrs. Maurice Joseph of Cincinnati. It was an informal musical evening arranged at fresco. The exceedingly attractive program was presented from the porch which was artistically lighted and given a pretty stage effect. Taking solos were rendered by Mrs. David Flounoy, Miss Anne Bradshaw, Miss Nella Hatfield, Messrs. Richard Scott, Edward Scott, Evert Thompson, David Yeiser Jr., Mr. Will Gilbert gave selections from "Madame Butterfly." "The Pony Chorus" gave some clever vaudeville touches. A salad course with ice tea was served during the evening. It was rather a neighborhood affair with a few couples from town, limited to the older married people.

Carpe Diem Club.

An enjoyable meeting of the Carpe Diem club was held on Wednesday evening with Miss Camille Legeay at her home on the Cairo road. The club members went out in picnic wagons. Euchre was played and the head prizes were taken by Miss Audrey Taylor and Mr. Gus. Legeay. Miss Marie Roth and Mr. Paul Legeay captured the lone hand prizes. Delightful refreshments were served after the game.

The next meeting of the club will be on Wednesday, June 5, with Miss Anna Harlan, South 4th street.

Enjoyable Lunch Party.

Misses Isla Ellis, Bessie Ellis, Mae Ellis, Adele Fulkerson, Alice Rice, Everett Fulkerson and Hershel Ellis were a pleasant party to Brookport on a gasoline launch Thursday evening. They returned by moonlight.

Kalosophic Club.

The Kalosophic club held an interesting meeting on Friday morning with Mrs. Henry Rudy at her home on Kentucky Avenue. Current Topics were presented by Miss Blanche Hills and Miss Marjorie Scott. "Famous Italian Actors and Actresses—Salvini, Ristori, Eleanor Duse" were discussed by Mrs. Edward Brinkhurst. "English Artists—Sarah Siddons, David Garrick, Forest, Keene, Irving and Terry" was given by Miss Hattie Hisey.

Musical Recital.

Mr. Owen Tully, pianist, and Miss Ethel Callisi, vocalist, gave a recital at the McKinley school house Friday morning, lasting an hour and a half. The program was delightful and gave much pleasure.

Daily Thought.

Count the failures in life and you will find most of the wrecks among those who never tried to accomplish much.

ARMS AND THE MAN.

From New York City to San Antonio a crusade is on against "pistol totting", "packing a gun", or whatever the colloquial expression may be in each locality for carrying concealed a deadly weapon. Eminent judges of inferior courts, declare with eyes firm set on the newspaper representatives present, that they intend to show no leniency toward "pistol totters," regardless of the natural inference that heretofore they have been showing undue leniency. They might as well declare they will show no leniency to burglars or gamblers or any other kind of criminals. Having spoken, they usually enforce the limit against some miserable crap shooter discovered in possession of a rusty barrow knife or a piece of razor, as evidence of their sincerity, while the gentleman assassin is permitted to lead self-defense and furnish bail. Then we wonder why the strict enforcement of the penalty does not affect the custom of going armed, and question the advisability of having any law on the subject.

Before devising ways and means, it would be well to pause and consider the reason for making "pistol totting" an offense, at all. Certainly there is no harm in the mere carrying of a weapon in a pocket, as long as it is allowed to remain there. The conclusion is obvious. It is because observation has taught lawmakers that possession of a weapon in moments of heat is conducive to homicide, and because there is no good reason why a weapon, designed only for the extinction of human life, should be carried, that the practice has been prohibited.

If in the crusade we should ever keep in mind the reason and the purpose of the statute, we might accomplish better results. The man who goes armed, does so knowing the law, and he voluntarily takes the risk of getting caught; so merely punishing the few unfortunate, who fall into the clutches of the police for misdemeanors, is not calculated to work any great reform. It is impracticable for the police to search every man they meet, to ascertain what he carries in his pockets.

If we should direct our attentions to the case of the high-toned homicide and make it unprofitable to have a weapon in case of trouble, the only time when possession of one is dangerous to public peace, we should be getting at the root of the matter.

If we should make the possession of a knife, or gun, prima facie evidence of premeditation in a case of homicide, and throw the burden of proof squarely on the shoulders of the defendant to establish to the satisfaction of the jury, that he had not planned murder, it would have a deterring effect on people inclined to forestall providence in the disposition of human life. Supposing also our judges, when a gentleman assassin is presented for homicide with a gun or a knife, should sentence the defendant to the chain gang for carrying concealed a deadly weapon,

would not that be of some benefit? This talk of "strict enforcement" of the law against carrying concealed a deadly weapon considered in connection with marvellous development of the plea of self defense, smacks too much of hypocrisy.

Bulletin—Abe Hummel passed a comfortable night in Sing Sing. Warm weather in the Tombs is beginning to tell on Harry K. Thaw.

Could not the commerce commission take cognizance of the tips extorted by the Pullman car porters?

It is said that even the strain is beginning to tell on Mayor Schmitz.

Death is dealing kindly with Mrs. McKinley, even as providence has watched over her all through her life. Gently it beckons her to him, who loved her and cherished her more than any life's ambition. But death withholds its cold grip, reluctant, as one who hesitates to throw away a faded flower, last token of some sweet remembrance. Afflicted in her early womanhood, childless, this frail creature was the object of a husband's devotion, that took no note of hours or seasons, a devotion that set all the world example, and made it better. Few women, few strong women have lived through such scenes of contrast, as have marked the career of her, whose unconscious form lies still in that famous home at Canton, Ohio, while medical science battles in the last ditch. Reared in the quietude of the inland city she saw her husband elevated to station after station; saw the countless multitudes that made pilgrimage to their Canton home, heard the cheers that echoed along Pennsylvania avenue to honor him, whose life was her life. She felt the pomp of power, and then—she heard the hushed whisper, as that noble form lay dying, stricken by the assassin's bullet. Then back to that quiet home, no longer the mecca of cheering multitudes—that home and a tomb. Something more than human endurance has buoyed up that gentle soul these years of patient knitting, while she waited for the welcome messenger that now has told her the time has come, when she too may go to join him. We drop a tear, perhaps, but not of pity. 'Tis for our own sakes. Ours the loss when one like this is taken; for death deals kindly with those who truly live.

An exchange says "Foraker's boom collapses." Foraker's boom is of the collapsible variety, so that he can fold it up and quietly steal away like a political Arab; pack it along for use in emergency and store it away out of season. Foraker's boom has seen service in many campaigns and is still sufficient for its owner's purposes.

DUN'S REVIEW.

New York, May 25.—Dun's weekly business report follows:

Further progress was made in the distribution of spring merchandise this week but the season is still very backward and much stock will be carried over. Confidence is not generally shaken, although some evidences of caution followed the violent rise in prices of wheat and the frequent rumors of crop disasters. The latest reports indicate that the warm weather in some states and much needed rains in other sections have given tardy grain and cotton a better start.

Leading manufacturing industries have not curtailed operations, several advances in wages have occurred and there are numerous encouraging developments to offset the slow progress on farms, including more prompt mercantile collections at many cities.

Much new business is pending in the iron and steel industry and large tonnage was placed during the past week but furnaces and mills are sold so far ahead that interest is greatest in specifications on old orders. As these are of noteworthy size it is evident that the consumption is fully maintained and no setback can be discerned in any department. A conspicuous feature is the demand for bars from makers of agricultural implements. This business is larger than last year's, indicating that no anxiety regarding crops is felt in this industry, although wholly dependent upon the prosperity of the farmer.

In textile industries the event of most interest during the week was the increased firmness in cotton goods on account of the sharp rise in cost of raw material and a better demand for the finished product. Improvement is noted in woolen goods, yet buyers of men's wear are conservative restricting operations to certain lines that are always popular.

WANT THROUGH TRAIN OVER FRISCO SYSTEM

J. E. Ellis, of Springfield, Mo., has written to Mayor D. A. Yelzer and the Commercial club to secure their co-operation with the Springfield Commercial club to secure a through train over the Frisco road between Kansas City and Joppla via Springfield. The letter was answered immediately, assuring the gentleman that the Paducah Commercial club and city will do all in their power to assist them.

THE ADVICE WAS APPRECIATED

The "Vegetable Prescription" Filled Many Times

No Sufferer of Kidney or Bladder Trouble or Rheumatism Should Leave It Untried.

ANYONE CAN PREPARE IT.

That the readers of this paper appreciate advice when given in good faith is plainly demonstrated by the fact that one well-known local pharmacy filled the "vegetable prescription" many times within the past two weeks. Most of these folks naturally bought the ingredients only and mixed them at home. The announcement of this simple, harmless mixture has certainly accomplished much in reducing the great many cases of kidney complaint and rheumatism here, relieving pain and misery, especially among the older population, who are always suffering more or less with bladder and urinary troubles, backache and particularly rheumatism.

Another well-known druggist asks us to continue the announcement of the prescription. It is doing so much real good here, he continues, that it would be a crime not to do so. It can not be repeated too often, and further states many cases of remarkable cures wrought.

The following is the prescription, of vegetable ingredients, making a harmless, inexpensive compound, which any person can prepare by shaking well in a bottle: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Any first-class drug store will sell this small amount of each ingredient, and the dose for adults is one teaspoonful to be taken after each meal and again at bedtime. There is enough here to last for one week, if taken according to directions. Good results will be apparent from the first.

POLICEMAN HOLT SORRY

THAT MISTAKE WAS MADE
Special Illinois Central Policeman E. E. Holt, who shot Young Fred Collins through and through believing the young man intending killing him with a tent stake, keeps constantly in communication with the patient's home to learn of his condition, and today Collins was reported resting well, his condition better than it has been since the shooting. "I sincerely regret the occurrence," Holt declared today. "I shot in what I believed was self defense, and was corroborated by the young man himself. I have several witnesses who were present when he made the statement, and will have no trouble in proving it."

HOT AIR TREATMENT

Has Proven Its Worth in the Treatment of All Diseases.

I am using, in connection with the Osteopathic treatment, the Dry Hot Air treatment, and the great successes achieved with it demonstrate its efficacy.

In one form or another heat has been employed in treatment of disease from the earliest times and in every part of the world, but its use has become more general in later years than ever before—simply because its application and uses have become better known.

We have a better understanding of the physiological laws upon which the treatment is based, and have greatly improved the mechanical apparatus employed until now it is one of the most useful means at our disposal for the treatment of disease.

The treatment is stimulating to the whole system, every organ and function, and when used with the Osteopathic treatment forms the most rational cure in all sciences.

Especially are the treatments indicated in all diseases incident to the season, spring, tired, worn out and run down conditions, malaria, stomach, liver and bowels, and in asthma, rheumatic, and nervous conditions, headaches, lumbago and neuralgia.

I should be pleased to have you consult me at any time, and tell you just what Osteopathy will do in any specific case. It has done much for Paducah people you know well, to whom I shall gladly refer you, at any time.

MUSIC FESTIVAL GREAT SUCCESS

Packed House to Hear Inn's Band at Wallace Park

Solos, Choruses and Instrumental Numbers Are Received With Delight.

THE WOMAN'S CLUB'S TRIUMPH.

Popular support has marked the course for the Woman's club next year. Twenty-two hundred people packed the grand stand at league park last night to listen to Inn's band and the vocalists, and, perhaps, half that number attended the matinee yesterday. The May musical festival, really gotten up on the spur of the moment, was a triumph. Next year, perhaps, something more elaborate will be given; but last night everybody was satisfied. Inn's band, while lacking those elements of brassy sound, the crash and martial glory that send such thrills of patriotic delight down the spines of the American populace, is an aggregation of first-class, well-trained musicians, and their soft music is pleasing and ranks with that of the best organizations.

The children's chorus, who sang patriotic airs last night, was a feature. They were trained by Miss Caroline Ham supervisor of music in the public schools. Mrs. James Weille and Miss Mayme Dreyfuss. As the national anthem was sung, the audience arose.

The soloists, Forrest D. Carr, bass; Virginia Listemann, soprano, and Mr. Shaw, tenor, are possessed of voices of rare brilliancy and tone quality, carrying the melody from the band stand to the amphitheater with marvelous clearness.

The hard solo by H. J. Williams made a distinct hit. The miserere from Il Trovatore played as baritone horn solo was remarkably effective, the soloist getting the purest possible tones from his instrument.

BROOKPORT.

Jacob S. Dean, of Azotus, died as the result of being thrown a few days ago from a horse, receiving internal injuries. Dr. Adkins was called to see him but his injuries were so serious he could not live. He was a civil war veteran.

Guy Modglin and Andrew Morrow left Tuesday for New Mexico. They will go direct to Albuquerque and from there they expect to take short runs to different points seeing the country. Guy is looking for a new home. Mr. Morrow goes for a pleasure trip and a rest.

D. C. Lynn returned from Dawson Springs, Ky., much improved in health.

Miss Flora and May Houston, of Gilbertville, Ky., arrived at Brookport Wednesday morning to visit their cousin, Mr. and Mrs. J. D. Fleniken. They will leave next Tuesday with their father Ben Houston, Confederate veteran, to attend the reunion at Richmond, Va.

The greatness that is thrust upon a man is apt to grate on his neighbors.

RAILROAD NOTES

Trucks Broken to Pieces.

A slight trembling of the platform caused by the approaching heavy train, caused a small 750 pound truck loaded with trunks, to roll three inches out of its original position, but enough to cause a general smashup in which the trucks and two passenger trains figured at the Union passenger station last night at 6 o'clock. One trunk was partially demolished, and the truck broken to pieces.

The truck had been pushed to the baggage car of passenger train, No. 801, Cairo bound, which was standing on the second track. No. 101, the Memphis flyer, was due, and had in sight before the porters could load the baggage. The truck was left clear of the train, but was dislodged by the tremble of the earth under the heavy train.

Striking the corner, the heavy flyer's mail car propelled the truck with force under the baggage coach of No. 801. The truck was reduced to a shapeless mass of iron and kindling wood.

Train No. 101 was in charge of Engineer Louis Cofer, who thought the truck was in the clear of the train, his engine having successfully passed.

Time Card Changes.

Time card No. 51, which cuts off 115 miles of run for the "highball" passenger crews between Louisville and Memphis on the Illinois Central, goes into effect tomorrow at 12:01 o'clock. It also changes the scheduled time of the train on the Cairo extension and Paducah district and makes a through daylight run from St. Louis to Nashville.

At present crews on the fast flyers between Louisville and Memphis, trains No. 101 and 102, daylight runs, go through to Memphis. The new time card shows Fulton to be the terminal. The passengers will change cars at Fulton for the through main line flyer, Nos. 1 and 2.

On the Cairo extension the schedule of train No. 836, from Cairo to Paducah, arriving now at 3:35, is changed, showing the train's arrival in Paducah one hour sooner, at 7:35.

Train No. 136, which leaves Paducah at 3:10 for Princeton and Hopkinsville, will leave at 3:35 and make connections with the fast St. Louis-Nashville train, at Princeton, running no further, and making a

daylight train from St. Louis to Nashville.

There are several changes in freight runs not of interest to the general public.

Railroad Gossip.

Engine No. 85, which was turned over several days ago, was run out of the round house yesterday and placed in service again.

Master Mechanic R. E. Fulmer has returned from Memphis, where he had gone on business for the road. Mr. Owen Donnigan has accepted the position of clerk in the Illinois Central round house to succeed Mr. Archie Householder, resigned. Mr. Householder had only a few days ago succeeded Mr. Cliff Gibbs, resigned.

Messrs. Leach O'Bryan and John Farmer, of the crew wiring telegraph offices in the southern offices, arrived in the city today to spend Sunday.

The following books have been recently catalogued at the public library: Highways and Byways of the Mississippi Valley, Johnson; Power Lot, Greene; Lincoln the Lawyer, Hill; Complete Poetical Works, Proctor; Autobiography, White; Lew Wallace, Wallace; The Joy of Life, Wolf; Our Little Panama Cousin,

NOAH'S ARK The Bargain Store FOR GRANITEWARE

There are perhaps some Paducah housekeepers who do not fully appreciate the money-saving prices which prevail at Noah's Ark, or the immensity of our stock of household furnishings, and these are the people we want to reach; there will be some interesting information in this space every day for the next week or two.

Takes graniteware, for instance. Though we handle the best grade and highest priced granite cooking utensils on the market—qualities which cannot be bought anywhere else in Paducah—in the cheaper grades we can save you money enough to be worth your while on any piece you may wish to buy. Here is merely one item for you to compare with other stores' values:

A 14 quart Dish Pan, triple enamel coated, white lining and blue outside, seamless body and FIRST QUALITY, remember that. Other stores get as much as 75c for this dish pan, but our price is and has always been,

49c

So you see this is not "a special" in the ordinary sense of the word; it is a special value which we offer you every day in the year, just as hundreds of other articles contained in our three floors full of merchandise. When you are buying any kind of household furnishings, by all means come to Noah's Ark—not first, but last; you'll be satisfied with that and so will you.

RIVALRY AMONG HORSEMEN WILL IMPROVE THE STOCK.

Keen rivalry has resulted from the initial Matinee club races, and horsemen are beginning to secure the best horse flesh they can find. It is predicted that more fine horses will be purchased this season by Paducahans than ever before. "I am going off next week on a vacation, and intend to bring back a horse or two that will make other members of the club 'step some,'" was the declaration of Mr. Ben T. Frank, who owns three fast goers at the club stables. Mr. Wynn Tully will go to St. Louis tomorrow to buy some good stock.

Held For Bootlegging.

Phillip Skinner, of Graves county, was held over to the federal grand jury for bootlegging by United States Commissioner Armour Gardner, and in default of bond he was committed to jail.

S.S.S. DRIVES OUT RHEUMATISM

The cause of Rheumatism is a sour, acid condition of the blood, brought about by indigestion, chronic constipation, and the accumulation in the system of refuse matter which the natural eliminative organs have failed to carry out. This refuse or waste matter ferments and sours, generating uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. One may also be born with a predisposition or tendency to Rheumatism, because like all blood diseases it can be transmitted from parent to child. The aches and pains of the disease are only symptoms which you may scatter or relieve with liniments, plasters, blisters, etc., or deaden with opiates. As soon, however, as such treatment is left off or there is any exposure to cold or dampness, or after an attack of indigestion or constipation, the wandering pains, sore muscles and joints, and tender places on the flesh return, and the sufferer finds that he has merely checked the symptoms while the real cause of the disease remains in the blood. Rheumatism can never be cured while the blood remains saturated with irritating, pain-producing uric acid poison. S. S. S. cures Rheumatism by driving the cause out of the blood. It thoroughly cleanses the blood and renovates the circulation by neutralizing the acids and expelling all foreign matter from the system. S. S. S. stimulates and invigorates the blood so that instead of a weak, sour stream, constantly depositing acid and corrosive matter in the muscles, joints, nerves and bones, the body is soothed and nourished by rich, health-sustaining blood, which completely and permanently cures Rheumatism. S. S. S. is composed of roots, herbs and barks which possess both purifying and tonic properties—just what is needed in every case of Rheumatism. Book on Rheumatism and medical advice free. From the bluffs that nature is putting up now about rain, it may be that the rainy spell is over. Clouds gather and a sprinkle of rain falls, but nothing big like a week ago, follows. Around the river business is good but everybody is glad tomorrow is Sunday. The river fell 2 feet in the last 24 hours and the stage of 17.2 this morning shows ten feet more water than the stage on this date last year. We haven't had any spring rise yet.

The Pittsburg went as far as Cairo with a tow of coal and there swapped with another combine boat coming up. The Pittsburg arrived here again this morning from Cairo with 38 pieces and picked up several barges here.

Eddyville with the penitentiary will be the destination of the Louisiana excursion tomorrow. The smokestacks are up on the Louisiana.

The Nellie passed on with a raft for Brookport this morning. To give the Butterff the opportunity to get her upper work repairs, the Dunbar will come out in the Butterff's place Sunday from Nashville. The Butterff will be repaired at Nashville.

The Dick Fowler will leave on time Monday morning for Cairo, returning late tonight from New Madrid.

The Peters Lee will pass down this afternoon from Cincinnati for Memphis.

The Kentucky will leave this evening at 6 o'clock for the round trip to the Tennessee river.

The John Hopkins was today's Evansville packet.

If the Chattanooga is not finished in time for next week's trip, that packet may run several excursions out of Paducah.

Gent's showboat will go away on the summer cruise some time next week.

Official Forecasts.

The Ohio at Evansville will continue falling during the next 24 hours, followed by a slight rise. At Mt. Vernon will continue falling during the next 24 hours. At Paducah and Cairo will fall at a gradually decreasing rate during the next three days.

The Tennessee from Florence to the mouth, the Mississippi from below St. Louis to Cairo, and the Wash at Mt. Carmel, will continue falling during the next 24 hours.

W.K. Kellogg

What This Signature Means

The signature of W.K. Kellogg on a package means more to you than you would imagine. It means delicious flavor.

It means the crispiest, tenderest breakfast food you ever ate.

It means the original—the genuine Toasted Corn Flakes.

Ten years were spent in perfecting this most delicious of all breakfast foods.

It was placed on the market a little more than a year ago.

But its success is phenomenal, because the flavor is just the kind that pleases everyone—that no one ever grows tired of.

Now the imitators claim to have equalled in a few months what it has taken us years to perfect.

Common sense says, "Impossible." For the flavoring process is secret. It cannot be reproduced.

So, when you buy "corn flakes," be sure and look for the above signature on the package. Else you may unknowingly accept one of the many worthless imitations.

M. Louis glanced a little nervously over his shoulder.

"Never mind what I mean, Sir George," he said quickly. "There are things which we do not speak of openly. This much is sufficient. I represent a power which can influence and direct even the criminal courts of justice of France."

"What bribe have I to offer you?" Duncombe asked. "Information? You know more than I do. I am afraid you have been misled."

"I think not," Mr. Louis said quickly. "I will tell you what we want. A paper was left in your charge by Miss Phyllis Poynton at the time she was visiting at Runtion House."

"What of it?" Duncombe asked. The Frenchman's face was suddenly tense with excitement. He recovered himself almost at once, but his voice shook, and a new earnestness found its way into his manner.

"Miss Poynton and her brother are with us," he said. "It is we who have been their benefactors. You know a good deal of their peculiar circumstances. A sudden need has arisen for the production of that paper within twenty-four hours. Give it to me now, and I will run the greatest risk I have ever run in my career. I will tear those warrants through."

"Have you any authority from Miss Poynton?" Duncombe asked.

"There was no time to procure it," M. Louis explained. "Events march rapidly today. To be effective that paper must be in Paris tomorrow. The necessity for its production arose only a few hours ago."

"You ask me, then," Duncombe said slowly, "to hand over to you a paper which was placed in my charge by Miss Poynton?"

"In effect—yes!" "I cannot do it!"

M. Louis shrugged his shoulders. "I do not insist," he remarked. "I may be permitted to remind you, however, that I have offered a great price." "Perhaps?" Duncombe answered quietly.

M. Louis turned to his assistants. "Sir George Duncombe will accompany us," he said. "I can give you ten minutes, Sir George," he added. "In case you care to change your clothes."

"And supposing I refuse to come?" Duncombe asked.

M. Louis smiled. "You would scarcely be so foolish," he remarked. "In that case I should send the policeman here to the nearest station with the warrants and a demand for help. Our documents are in perfect order and our case complete. You would scarcely be so foolish, I think, as to set yourself in direct opposition to the law."

Duncombe was silent for several moments. Then he rang the bell. M. Louis looked at him inquiringly, but before he could frame a question the butler was in the room.

"Pack my things for a week, Groves," Duncombe ordered. "I am going away tonight."

The man bowed and withdrew. M. Louis merely shrugged his shoulders. "A week!" he remarked. "You will be fortunate if you ever see your home again. Come, Sir George, be reasonable! I give you my word of honor that it is altogether to the interest of Miss Poynton that those papers be immediately produced. If she were here herself, she would place them in my hands without a moment's hesitation."

"Possibly," Duncombe answered. "Suppositions, however, do not interest me. I undertook the charge of what she gave me, and I shall fulfill my trust."

M. Louis turned to the policeman. "Officer," he said, "this is Sir George Duncombe. Do your duty."

The man stepped forward and laid his hand upon Sir George's shoulder. "Very sorry, sir," he said. "I am forced to arrest you on this warrant for the murder of Florence Merrell on the night of the 7th of June. You will be brought before the magistrates at Norwich tomorrow."

Duncombe waved his hand toward the sideboard.

"If you gentlemen," he remarked, "would care for a little refreshment before you start?"

"It is against the rules, sir, thank you," the man answered. "I should be glad to get away as soon as possible."

Duncombe filled both his pockets with cigars and cigarettes. Then he turned toward the door.

"I am quite ready," he said. They followed him out. There was a few minutes' delay waiting for Duncombe's bag.

"Your address, Sir George?" Groves inquired as he brought it down.

"A little doubtful," Duncombe answered; "I will wire."

"In front, please, Sir George," M. Louis insisted.

So they drove off, Duncombe in the front seat, the other three behind. The car gathered speed rapidly. In less than an hour they were half way to Norwich. Then suddenly the driver took a sharp corner and turned down a long, desolate lane.

"You're off the main road," Duncombe explained. "You should have kept straight on for Norwich."

The man took no notice. He even increased his speed. Duncombe was in the act of turning round when he felt the sudden swish of a wet cloth upon his face. He tried to break away, but he was held from behind as in a vise.

Then his head fell back, and he remembered no more.

NEWS OF KENTUCKY

To Raise Board in Owensboro.
Owensboro, Ky., May 25.—A combine to raise the board has been formed in this city. The advance prices will go into effect June 1. The various boarding house keepers met and agreed to raise the board to \$4.50. The regular board before this was only \$4 a week.

Shot Off Baby's Head.
Ashland, Ky., May 25.—Robert, the eight-year-old son of Sherman Van Horn, of near Louisa, while trying to amuse his baby sister this morning by showing her a loaded shotgun, blew the child's head off, scattering the brains all over the floor and one side of the room. The boy had been left to take care of the baby while the mother did some work in the garden. Finding a shotgun standing behind the kitchen door, where it had been left by the father, who had been shooting crows, he pulled the hammer back and pointed the gun at the baby. The little one laughed at the boy's antics. Not knowing the gun was loaded, he pulled the trigger.

A. S. of E. Man Victim.
Hopkinsville, Ky., May 25.—F. B. McCown, president of the Christian County Union of the American Society of Equity, is the latest victim of the night riders. His large plant bed on his farm near Kirkmansville was destroyed last night. Tracks about the bed indicate that the perpetrators of the outrage were two men one of whom rode a horse and the other a mule. There is no clew to the identity of the marauders. A note was left warning Mr. McCown not to raise any more tobacco. This morning Mr. McCown telephoned to various places for bloodhounds, but was unable to obtain any. The motive of the men in destroying the bed is unknown. Mr. McCown is one of the best known and most popular farmers in the Kirkmansville vicinity and has organized A. S. of E. locals and unions all over this region.

Colored Schools,
Cecil, district L.
Lamont, district J.

Six new school houses, which with improvements to old buildings, will cause an expenditure of \$3,500, will be built this summer in McCracken county, the largest sum expended in the county for such purposes in many years. County Superintendent S. J. Billington will have no real vacation, as he intends to keep a close watch on the work.

The six new buildings will cost fully \$3,000 and repairs to ten old buildings will mean the expenditure of \$500 more.

At the Farley school in Tyler, a new room is to be built. Superintendent Billington thinks the added room will be sufficient to accommodate all.

The improvements are paid for by a special assessment in each school district.

\$35 and \$45 Suits \$19.98

Choice of 150 of Levy's Best Suits Go on Sale Monday Morning for \$19.98

WHEN in New York two weeks ago it happened to be our good fortune to buy enough cloth of a famous manufacturer to make 150 suits. This opportunity presented itself just in the heart of the season when we are getting ready to sell our suits that we had in stock at those ridiculously low prices which we have formerly named on them. We told this man we could use this cloth if he would make these suits in such styles as we desired; after taking prices a few moments and agreeing on same, he decided to make them up as we desired, so they are made in pretty cutaway styles, Prince Chap and the three-quarter long coat in semi-fitted back, which are not only the newest thing for immediate wear, but promise to be the very strongest numbers and styles for the coming season.

These suits are in; they will be marked out today and Monday morning we will be ready to show you what we think is the best thing we have ever had for Paducah shoppers. We do not only include this big lot of suits which have just come in but we are going to add thereto our best Eton styles, that sold for \$35.00 to \$50.00, and let you have them at the same price that we are going to get for these suits. This will be one of the biggest, most opportune sales it has ever been our pleasure to put on. These suits are all tailor-made, lined with peau de chine lining, made by the very best of tailors and cut to fit and contain such cloth as is only used in the very best of suits for ladies. Of course you folks understand that in order to accomplish success in a sale of this kind, we must have the cash. We feel as if you will be fully repaid by bringing with you the necessary wherewith in order to secure one of these valuables. We are going to charge you for any alteration made on these clothes.

A spring or summer suit is necessary to any wardrobe. If you are going away you must have it. If you are going to stay at home it is necessary to have the suit in order that you use your coat for a wrap and the skirts, which are beautifully made, for shirt waist wear. The materials used in these suits are in light shades of light weight Panama; they come in dainty, neat little stripes and small checks, which are only worn in the east by the best dressed women. Some of these suits will be displayed in our windows tomorrow and any of them that you see there will be sold Monday for the price we advertise this entire lot.
